Applications Supporting ISRC

This document contains a working list of applications that claim to read or author ISRC in physical media. Examples include Red Book audio CD, DVD-Video, DVD-Audio, and Super Audio CD (SACD).

The RIAA and the IFPI take no position on applications, products, or services. Inclusion of any company on this list carries no connotation of approval or certification from either the IFPI or the RIAA or their respective member companies. The authors of this document have not tested any of these applications. The indications of support for authoring ISRCs is based solely on manufacturer claims (as listed). Prices may vary.

ISRC Readers

Company	Product	Approximate Price	Notes
Exact Audio Copy	Exact Audio Copy	free (license required for commercial use)	See web site for privacy statement and terms. http://exactaudiocopy.de/
Soft Audio Tools	ISRC Reader	\$79.95 USD	A simple ISRC reader with 21 day free trial. Contact: ps@webbertapes.com
